HOT COUNTER

Dalebrook has designed a range of heat-resistant dishes that are perfect for food service operations. These dishes are engineered to withstand high temperatures, ensuring they maintain their integrity even in demanding environments like kitchens and buffet settings.

ORE HOT COUNTER COLLECTION

Clean and simple, Ore is Dalebrook's latest innovation set to revolutionise hot counter displays. Its stainless-steel Greblon coating makes it compatible with induction hobs, while unique corner handles prevent clashing trays and blocked displays, ensuring seamless presentation every time.
